

A Since last November.

Q Do you recommend that this property be sold in one piece or two?

A Well, it could be sold in two pieces of property. It would be about the same. The small house, there ain't enough ground really setting right to sell, only in two pieces.

Q. (Mr. Claggett) How much space is there from the big house to the little house?

A About 15 to 20 feet.

Q The little house sets back from the street further than the big one, doesn't it?

A That's right.

Q (The Court) Do you happen to know whether either house is rented now to tenants?

A Yes, the small house is rented right now, but the big one I don't know. I haven't been there but once since I was living in it.
